Dear Parent/Carer

An opportunity has arisen for your child to work with the Northern Lights Project in Aberfeldy on a Community Learning Project. In this project young people will speak to the community about a recognised need then use design and manufacturing skills to produce a community resource - for example a piece of sculpture; a bench; an addition to a child's play park.

This is obviously a fantastic opportunity for pupils to learn a range of skills with a community partner and school staff and I would recommend it to you.

The time commitment would be every Monday afternoon for a term (around 9 weeks). Pupils would miss PE or RE and one of their Achievement Masterclasses during this time.

Please return the slip below duly completed and do not hesitate to contact me should you require more information.

Yours faithfully

Mr D Macluskey
DHT – School Improvement

Northern Lights Project

Pupil Name: _____

Class: _____

I do/do not wish my child to participate in this project (please delete as appropriate)

Parental Signature: _____
