Dear Parent/Carer

Scottish National Standardised Assessments

The Scottish Government has introduced a nationally developed set of standardised assessments which all pupils in Scotland will complete at key stages throughout their school career. These assessments will focus on reading, writing and numeracy skills with the results being used alongside a wide range of other school based assessment information to provide a clear picture of a pupil's progress in school.

One of these key stages for testing is in S3 and it has been planned for your son/daughter to complete these online assessments during class time next week.

Further information regarding these assessments can be found at <https://standardisedassessment.gov.scot/parents-and-carers/>

If you have any questions regarding these standardised assessments please don't hesitate to contact me.

Yours faithfully
