Next week

## Class Celebration of Success

School is coming to an end and it is time to celebrate all that you have achieved.

Thinking about your classmates, create a Golden Award for someone else (you can do more than one as we know you will be spoilt for choice!) to praise them for something they have done through the year. Who will you give it to? What will it be for? It can be funny as well as serious i.e. to Jim Bob for his funny jokes and making everyone smile.

Make your award into a certificate as a picture, poster or Powerpoint, then post it on the Home Learning page.

## Sports Day!

Sadly, there will be no sports day for us this year, so we thought you could recreate one yourself!

Look at what equipment you have and plan some races or challenges. Remember they don't have to be the traditional ones that we always do, maybe you could come up with something different and more exciting. We made hurdles in our garden from planks of wood perched on the tops of welly boots! Think about who will be participating.

Invite your family or friends to take part in your sports day. Remember to reward those who participate as well as those who succeed. Share your ideas and successes with us on Teams or Seesaw.

## Teach the Teacher!

The end of term is looming and Mrs MacDonald and I have exhausted all of our fantastic lesson ideas, so it is over to you!

What knowledge have you been dying to impart on us? What skill can you teach us..remotely? Is it as easy as we make it look?!

Choose something that you are passionate about and create a word document, poster, powerpoint, video, - anything you'd like - to teach us your skill or knowledge.

Post your lesson on Teams/Seesaw or email it to us.

What new things will we learn? We can't wait to find out!

Thank you Parents!

Your lovely parents have found themselves in a new job...that of a teacher! They have had to juggle family life, their own work, and a hundred other things you probably don't even know about...as well as teaching you and helping you with your learning!

Let's say THANK YOU in the nicest way. You choose: Write a thank you letter; make a card; write it with pebbles; draw a picture; make them a cup of tea and a biscuit.

Finally... thank you. We are very proud of you all. Have a very happy holiday and we'll see you in August!

Mar sin leibh 😊
