Dear Parent/Carer

Show My Homework Implementation

We are excited to be launching Show My Homework, an online tool to help you keep track of your child's homework. Show My Homework will allow you to see the details of the tasks your child has been set, all their deadlines and their submission status and grades. We have decided to bring on this system to improve the way we communicate with parents and give you greater visibility into the homework we set.

You will be provided with login details to your personal account which is linked to your child's homework calendar where you will be able to see your child's To-do List and any homework that is overdue. These logins will be sent out, via pupils, over the next two weeks as we progress through the training and preparation stages of our implementation plan.

In preparation for our full launch which takes place on Monday 27th August, we will be holding a Show My Homework parental information session on **Tuesday 21st August 2018 at 5pm in the Assembly Hall** to provide information on this exciting new development. During this session a demonstration of the Show My Homework platform will be provided along with an overview of how the system will be used throughout the school. We will also provide detail on our Homework Policy and there will be an opportunity for questions as well as practical troubleshooting.

If you have any questions about the introduction of Show My Homework within our school then please don't hesitate to get in touch with me.

Yours faithfully
