Dear Parent/Carer

S5/6 Higher Photography/Advanced Higher Art: Photography - Practical Shoots

Pupils on the above courses will soon be starting work on their practical portfolios which is the main SQA assessed component of both courses.

To give pupils personalisation and choice for their themes we would like to offer S5/S6 pupils the option to leave school grounds to complete Photography shoots in the surrounding areas. This would take place during their scheduled double periods within the Art Department. Pupils will be contactable by mobile phone during this time and must return to class before the end of their allocated time in the department. Any deviation from this will result in the standard nonattendance policy being followed.

Some shoots will be supervised by a member of staff but pupils will also work independently when appropriate.

Please email breadalbane@pkc.gov.uk to provide consent for your child to leave school grounds and to allow Art department staff to have access to their mobile phone number.

Yours faithfully

Mrs E Traghman
Principal Teacher Art and Design
