Dear Parent/Carer

Enclosed is your child's report for the session 2018-19. In the report you will find comments on Learning across the Curriculum as well as Literacy, Numeracy and Health and Wellbeing. Progress and effort are shown for the other curricular areas of the Curriculum for Excellence. This should help give you a full picture of your child's skills, achievements and the steps which will lead to continued progress.

In the report, levels are only indicated for Numeracy and Literacy. The level indicated is the CFE level that your child is currently working within. In addition to this 'working level' the report also provides an indication of whether your child is on track to achieve the nationally expected level. The report provides an overview of national expectations in terms of the achievement at a CFE level. Due to language acquisition, pupils who learn through the medium of Gaelic are expected to attain early level a year after those who learn through the medium of English; by the end of P7 most pupils are expected to attain second level, regardless of which language they learn in.

Please confirm that you have received your child's report by completing the slip overleaf and returning it to your child's class teacher. We also welcome any feedback on the new reporting format that was produced following consultation with pupils, parents and staff last session.

Yours faithfully

V.L. Marshall
