

### **Activity Websites**

There are numerous activities being offered online currently to support families.

Mrs Munro (our nurture teacher) has collated a list of some of the free things that are available to enhance what you are doing at home and to hopefully make things enjoyable and improve wellbeing. They cover many areas of the curriculum, suggest fun activities for different age groups or may inspire interest amongst our families.

This is by no means an exhaustive list but a flavour of what is being put out there to support us all in this strangest of times. Enjoy and keep safe.
