

Dear Parent/Carer

I appreciate that this time will be challenging for you as well as unsettling for your child. To try to support you please find attached a list of websites that you may find useful to support your child's learning. Some of the websites have activity suggestions that someone at home would do with the child whereas others are websites that children use themselves. In the coming weeks you will also be emailed suggested activities that you can do at home.

During this time the most important thing is for your child to feel safe and secure so please do not feel that you have to do any activities emailed out. Many of the things that you will be doing at home such as reading stories, playing games and talking about things you are doing have great educational value in addition to being a nice activity for your child.

Please do not hesitate to email [breadalbane@pkc.gov.uk](mailto:breadalbane@pkc.gov.uk) if you have any queries or we can help support you and your family at this time.

Kind regards

Vicky Marshall
