

Primary Sky Room Learning from Home Plan

Week Beginning:23/03/20

| | Literacy | Numeracy | Topic/ Other |
|------------------------|--|---|---|
| Wednesday | <p>Learning Intention: To write two sentences using capital letters and full stops.</p> <p>Activity: In your green jotter write at least two sentences about what you have done in the last few days. Draw and colour a picture to illustrate your news story.</p> | <p>Learning Intention: To add a single digit and two-digit number.</p> <p>Activity: Warm-up: go to www.topmarks.co.uk and select Hit the Button-number bonds-addition to 10. Have fun working against the clock. Now turn to page 7 in your Number Extension Book and complete the questions there.</p> | <p>Learning Intention: To recognise hot and cold colours.</p> <p>Activity: In your green jotter draw a picture and colour one half in hot colours and the other in cold colours. List the colours you have used. We have done a similar activity in class with faces.</p> |
| Thursday | <p>Learning Intention: To read and write words with the sound 'sh'.</p> <p>Activity: go to youtube.com and search for Geraldine the giraffe learns the 'sh' sound. Watch. Now complete the first page in your Jolly Grammar workbook.</p> | <p>Learning Intention: To add a single digit and two-digit number.</p> <p>Activity: Warm-up: go to www.topmarks.co.uk and select Hit the Button-number bonds-addition to 20. Have fun working against the clock. Now turn to page 8 in your Number Extension Book and complete the questions there.</p> | <p>Learning Intention: To improve our fitness.</p> <p>Activity: If the weather is good, try walking, gardening or cycling outside. If the weather is not good try out one of the cosmic kids yoga episodes inside. www.cosmickids.com</p> |
| Friday | <p>Learning Intention: To become familiar with Education City activities.</p> <p>Activity: use your password and login (in your green jotter) to log on to the Education City website and choose one or two activities in the literacy city to try out. We will be working through these activities over the next few weeks.</p> | <p>Learning Intention: To add a single digit and two-digit number.</p> <p>Activity: Warm-up: go to www.topmarks.co.uk and select Hit the Button-number bonds-make 20. Have fun working against the clock. Now turn to page 12 in your Number Extension Book and complete the questions there.</p> | <p>Learning Intention: To use our sense of touch.</p> <p>Activity: How many different textures can you identify around your home? Take a walk around the house and draw and label something smooth, rough, hard, soft, fluffy etc. in your green jotter.</p> |
| Notes from the teacher | <p>You can choose to do the literacy and topic activities in any order but it would make sense to do the numeracy tasks in the order given. In addition to these activities, please share a story every day with an adult. There are many good stories online or read one of your old favourites from home. Enjoy!</p> | | |
