Dear Parent/Carer

Digital Resilience

As we've advised previously, one of our current priorities is to ensure that we are prepared for whatever circumstances the school community may face in the coming months. The last 9 months have proved that we need to be both resilient and flexible to adapt quickly to changing circumstances.

Digital resilience is a key part of this contingency planning: we need to be sure that if the school does have to close or we have groups of children and young people self-isolating we can continue to provide support and minimise the impact on learning and teaching.

Part of this planning is understanding the access our pupils have to technology. We did a survey early in lockdown which provided some information, but we would now like to enhance that knowledge so that we can address any areas of concern. We'd also like to provide support for parents in the use of the various platforms that will be used in the event of any disruption.

I'd be grateful, therefore if you could take a few moments to complete the survey below.

Thank you very much for your support with this.

Yours faithfully

A handwritten signature in black ink, appearing to be 'JD' with a long horizontal flourish extending to the right.
