

Nursery news

Outdoor learning

This week we joined the P6 class at Natures wood for outdoor learning. The P6's showed us how to build dens, dig holes and helped us draw some of the things we can see in nature!

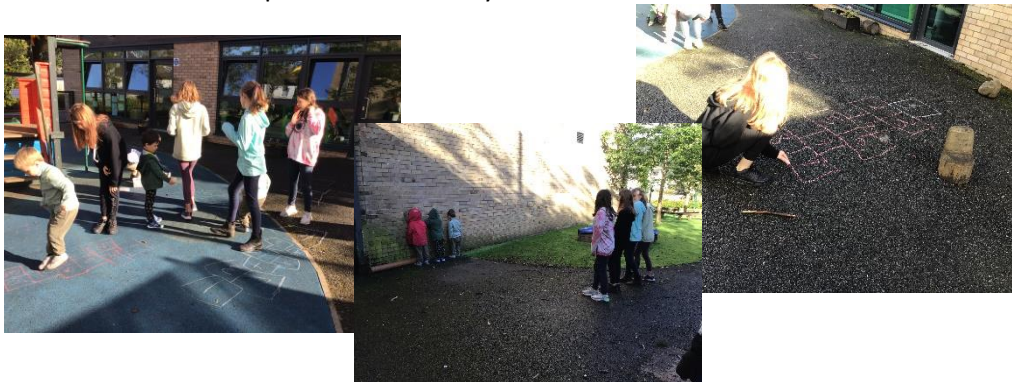

We will be joining P6 every Tuesday afternoon for outdoor learning so please send your child with clothing for all weathers.

Sgoil-araich have moved on from building bridges to building different types of vehicles – particularly police motorbikes and vans! We have been learning about the jobs the police do and the children have been looking into road safety signs.

This week is National Maths week, so we have been doing lots of number activities. We also had some visitors from P7 come and play What's the time Mr Wolf and make us some hop scotch. Thank you P7.
