

Nursery news

Outdoor Learning

No matter the weather the nursery children are still enjoying weekly outdoor learning experiences at nature's wood.

Nativity

We have been busy practicing for the Nativity that will be filmed next Wednesday and Friday. Please send your child in with either a Christmas jumper or party clothes. These can be handed into a member of staff on the gate.

Baking

We have been making some friendship cakes at nursery. We had ingredients such as kindness sprinkles, helping hands currants and sharing marshmallows. Each ingredient helped us discuss what it means to be a kind friend to others.

Other Information

If your child is unwell with any illness or ailment, can we ask that you do not send them to nursery, as this allows viruses to be spread to other children and staff.

If your child is showing any covid symptoms such as continuous cough or temperature, we will ask that they are collected and advise a lateral flow test.

Many thanks,

The nursery team.
