

Nursery news

Science Experiments

This week we had Mr Clark, the secondary school chemistry teacher, come down to do some science experiments with a colour theme. We made rainbows by mixing different chemicals together.

Outdoor Learning

This week's outdoor learning with P6 we continued developing our numeracy skills by looking for shapes and making our own from natural materials.

Sgoil-àraich

The sgoil-àraich came across an idea in a book to make traps to catch and borrow insects and so we decided to make some ourselves. We collected our tools and made lots of traps in the secret garden and waited overnight before collecting our results. We found loads of different types of minibeasts. We recorded which traps were the most successful and drew some of the creatures. We are going to look at another type of trap to see if we can find other creatures elsewhere around the school.

Other Information

Little Scribblers Pre-Writing and Getting Ready for School Information
This questionnaire looks at different areas of your child's development including sensory, fine motor and activities of daily living (e.g. dressing and eating) skills. [ready-steady-school-version-1.pdf](#)

Coffee Morning
poster new.pdf

The coffee morning runs every other Tuesday in the nursery quiet room. The dates are Apr 26th, May 10th, May 24th, Jun 7th, Jun 21st. Nursery book bug and nursery library are also back this term.
