

Nursery news

Around the World

To help us with our learning about around the world some of the nursery children got to visit the high school Geography department. Mr Woodrow showed us maps and globes and showed us exciting places on Google Earth.

Science

After a successful Chemistry lesson from Mr Clarke a few weeks ago we have decided to make science a regular part of our timetable. This week we got to visit Mr Clarke in the proper chemistry lab to do some fun experiment.

Play in Pedagogy

We enjoy making the most of the good weather and having our play experiences outside. Using newspaper the children learned how to make paper hats and which quickly progressed into paper footballs.

Other Information

P1 transitions will continue every Wednesday morning between now and the end of term.

The primary 1 lunch invitations will be going out this week. The lunch is on Wednesday 22nd June at 11:40am. The lunch slip needs to be returned either to the school office or to nursery staff by the 10th June.
