

# Nursery news

## Rhyme Time

Every week the children have the opportunity to go to the library to choose their own books for the nursery. Every two weeks the library staff will be running a rhyme time for us focused on the children's interests. Thank you to Libby who did rhyme time this week for us!

## Drama

The nursery children and Miss Hobson have busy making developing the role play area into a stage complete with lights, costumes, and microphones. There has been lots of singing and dancing shows this week with all our favourite music being requested.

## Sgoil-àraich

This week we have continued looking at some of our favourite woodland creatures. We have used basic shapes to create animal pictures and have been drawing them too. We used playdough to make hedgehogs (Jack's favourites) and Jack and Ailish went on to build houses for them. We have been talking about how hedgehogs hibernate so we have started discussing how we might make a hedgehog house in the woods...

## Fine Motor Skills

Throughout the nursery this week there has been lots of fine motor activities which helps develop hand strength and hand eye coordination. The children have enjoyed getting messy, sticky and creative!
