

Nursery news

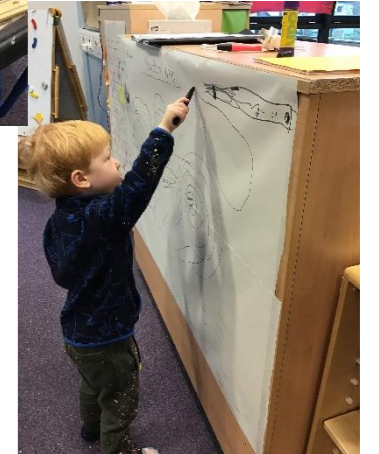

People who help us

This week's people who help us has been the RNLI. We have watched videos to show what it is that the RNLI do and made a boat with Miss Hobson. This has led to some interesting discussions about pirates and mermaids.

Mountain Rescue

There is still lots of interest about mountains. Mrs Menzies helped to make a paper mache mountain that we painted and added animals and train tracks to. Mrs Menzies has also been teaching us about maps and contours and we have begun to create our own maps.

Outdoor Learning

This week during outdoor learning we went up to nature's wood to take part in numeracy activities. The children worked as part of a team to create number lines and practice our number recognition.

Other Information

- For outdoor learning this term we will be accessing the birks as well as nature's wood and other parts of the community. Next week we will be going for walks in the community to do some more shape hunts.
- Can children please come prepared for the weather as we still go outdoors in all weather. A bag with waterproofs and wellies can be left on your child's peg.
- Can we remind parents to please encourage your child to not bring toys from home as this can cause upset if they are lost or broken.
