

Nursery news

Literacy with Ice

This week we have been looking at literacy through different games. We practiced our sounds and letter recognition using a winter theme. The children used ice and snow animals to match objects to the correct sound.

Outdoor learning

For outdoor learning this week we have been learning about numeracy. We went to the shop to look at numbers around the coop and bought some things to bake with. We made a yummy chocolate cake with Miss Menzies and learnt all about weights and measurements. We enjoyed eating our cake as part of our snack!

Sgoil-àraich

We have been very keen on painting this last wee while so we have been had a look at all the different ways we can use paint to create artwork. We have looked at some famous artists for inspiration and have been exploring all sorts of ways to mark make- splattering paint with brushes, using spray/squeezy bottles, printing with shaving foam, with blocks and with wool and generally making a huge mess! We hope to visit the Watermill Gallery next week to have a look at some real works of art.

Other Information

- For outdoor learning this term we will be accessing the birks as well as nature's wood and other parts of the community. Next week we will be going for walks in the community to do some more shape hunts.
- Can children please come prepared for the weather as we still go outdoors in all weather. A bag with waterproofs and wellies can be left on your child's peg.
- Can we remind parents to please encourage your child to not bring toys from home as this can cause upset if they are lost or broken.
