

Nursery news

People who help us

We have been continuing our learning about people that help us. This week we have been learning about mountain rescue. We have talked about what we need when we climb mountains and what to do if we need help. We now have our own 'mountain' in the nursery that we have been busy doing rescues from. Miss Menzies brought in some of her walking gear in to show us how we use them in the snow.

Outdoor learning

This week for outdoor learning we went on a shape hunt to the lower Birks. We identified lots of shapes in nature and made some natural shape pictures whilst we were out and about. Next week we will be at nature's wood for our outdoor learning.

Sgoil-àraich

We have been learning about the Police this week and the jobs that they do to keep us safe. We had a look at their uniforms and made a life size PC Jack and PC Ailish for the class. The children have been having fun pretending to be officers (and police dogs for some!) following clues, carrying out investigations and making arrests! After studying their uniform, we have also been looking at making and continuing patterns. We have been using the smartboard to play interactive games to help with our learning of this, as well as going over our basic shape recognition.

Other Information

- For outdoor learning this term we will be accessing the birks as well as nature's wood and other parts of the community. Next week we will be in Nature's wood doing numeracy games.
- Can children please come prepared for the weather as we still go outdoors in all weather. A bag with waterproofs and wellies can be left on your child's peg.
