

Nursery news

Week ending 01/09/23

Pop Art

This week's art focus with Miss Menzies was pop art, inspired by Andy Warhol. The children looked at some of his art and have been copying the style. We had some amazing creations! Some of our masterpieces will be up on display on the nursery display boards throughout the nursery.

Music Lessons

Each week we have a music lesson on a Wednesday morning. This takes place up in the primary music room. We look at a different instrument each week and use them whilst doing some circle songs.

Outdoor Learning

Each week the nursery take part in outdoor learning. This term we will be visiting Nature's wood and the orchard. On the plan so far is some transient art and making some hibernation houses for local wildlife. This week we went for a visit to Natures wood on a bug hunt. Parents are always welcome to join us on these sessions, the days and times are always up on the nursery notice board.
