Dear Parent/Carer

Term 3 Homework Schedule

Following our return to school after the Christmas holiday, please find attached the homework schedule for Term 3. Class teachers record all homework via Microsoft Teams, which will populate pupils' Teams calendar. This will give details of the task including date set and date for submission.

Pupils are expected to check their Teams calendar daily to ensure that they are up to date with homework set. Homework notifications will automatically be sent to pupils' GLOW email accounts from Teams when a new assignment is set.

We continue to run homework clubs through Pupil Support, where Teams can be accessed in school. In addition, the library is open at lunchtimes on Tuesday to Friday, with internet access available to pupils. Class teachers will provide paper copies of homework tasks as appropriate and there is no requirement for materials to be printed at home. Please note that the schedule may have a number of homework tasks listed for a Monday, but they will be issued to pupils during the course of the week (specific dates will be on the Teams calendar).

If you would like any further information or support, please contact school by emailing Breadalbane@pkc.gov.uk.

Yours faithfully

Lorna Libreri
