

# Nursery news

Week commencing 15/04/24

## Outdoor learning -

For outdoor learning this week we went up to Natures' wood. The boys and girls worked to make some graphs outdoors. They put sticks next to the colours to match a colour that they were wearing. This tied in to our numeracy focus of making charts.

## Numeracy

Our numeracy focus is learning to contribute to charts. This could be sorting by colours and shapes, using tally marks, or counting how many cars we see. After a trip to the park on Tuesday, the nursery children voted for their favourite thing to do at the park. They used a paint fingertip for their vote. The seesaw won by a clear margin.

## Outdoor Play

We have been taking our play outdoors this week and making the most of the dry weather. Today we gave the babies a bath and washed their clothes. We hung it out on the line and hope it's dry for next week.

## Other Information

### Dates for the Diary

Our next parent open session is Friday 26<sup>th</sup> April 2pm – 3pm.

### Nappies and Changing

If your child is in nappies can you please provide both nappies and wipes for the days your child is in nursery. The nursery does not keep spare nappies and wipes.
