This term our context for learning is 'technology that helps us' . Through play, exploring and investigating we will seek to learn: what makes something technology and how this differs from things we find in the natural world; how technology has changed from the past to the present and what technological innovations of the future might be. Through science and technology we learn what electricity is and how we can use this to make things move, light up and go!

We will also be working on a Gaelic drama for Christmas time and be learning about religious and cultural events important to the end of the year.
