Dear Parent/Carer

Health and Wellbeing Programme

All primary pupils will be studying the 'Sexual Health' aspect of our Health and Wellbeing programme this term.

Our relationships, sexual health and parenthood planners link to the Curriculum for Excellence guidance and can be accessed on the school website in the primary curriculum section. You may wish to familiarise yourself with the sexual health planners to support your child in their learning.

If you wish to discuss the topic further, please contact your child's class teacher.

Yours faithfully,

Mrs Julie Thomson
Depute Headteacher
