Class: GME 1-3 Term Plan Term: 4

Literacy:

- Our literacy focus this term will be the songs and poems we are learning for the Mòd on 14 June. As well as learning these to performance level, we will collect and use new language we encounter to write our own poems and songs.
- P1 will continue to develop their knowledge of blended sounds, reading common words and some simple stories.
- P2 and 3 will continue to learn common spelling patterns in Gaelic. They will continue to develop their skills using a range of verbs, adjectives and conjunctions.

Numeracy:

This term we will be focusing on fractions and time. We will also be practicing our skills collecting and analysing data.
In P1, we will be focusing on doubling and halving and how to read analogue and digital clocks to the hour.
In P2 and 3, we will be developing our skills dividing by 2, 5 and 10 and learning about the relationship between division and multiplication. We will learn common fractions to tenths.
We will continue to develop our skills telling the time and using the language 'quarter past', 'half past' and 'quarter to'.
Through games and experiments we will all learn how to collect data and represent this in different tables or graphs.

Health & Wellbeing:

- In PE, we will be focusing on athletics this term including how we run, jump and throw. We will also focus on attacking and defending games.
- In Health and Wellbeing, we will learn about our bodies and about relationships including how we build and maintain positive friendships.

Contexts for Learning:

Our context for learning this term is 'Cò sinn?' (Who are we?) We will be learning about the places, people, languages and culture that make us who we are. We will be asking families to share their stories so that we can make class display so please be ready to answer lots of questions from your children!

We will learn about the Gaels and Gaelic today and in the past and how our learning Gaelic will shape the language and culture into the future.

Other Events:
